

## Favourite Karthaus things

Ian Hewitt  
Stan Jakobs  
Larissa van der Laan

Strain rates and stresses and ice deformations,  
interesting lectures and student creations;  
with five-course dinners and plenty of drinks,  
Karthaus is one of my favourite things.

Glacier excursions and good *Kaiserschmarrn*,  
up to the cross or get stuck at the *Alm*.  
Frank keeps on playing but nobody sings:  
these are a few of my favourite things

Surging glaciers, early lectures,  
an exercise or two.  
Then I remember my favourite things  
and then I don't feel so bad

We started off with the scary Teresa,  
then followed Ian, it wasn't much easier.  
All apprehensive at what this week brings,  
we try to remember our favourite things

Then came the models with Hans('s) sense of humour,  
Next was Carleen, she's the boss goes the rumour.  
Thirty young students in need of some flings,  
These are a few of our favourite things

Fiamma's oceans, Fayseh's calving,  
Thomas('s) O-18.  
Then I remember my favourite things  
and then I don't feel so bad

Paco forgot that we all needed coffee,  
Giorgio persuaded the Earth moves like toffee,  
Arjen spoke lively of glacial workings;  
Now they are part of our favourite things

Hans then got slowed down by his kidney stones,  
Frank tried to cure him with his dulcet tones,  
But climate is boring when put into strings,  
These aren't part of our favourite things

Surging glaciers, early lectures,  
An exercise or two.  
Then I remember my favourite things  
And then I don't feel so bad
