

ICE SHEETS AND GLACIERS IN THE CLIMATE SYSTEM

9-20 September 2008, Karthaus (northern Italy)

A course sponsored by

The Institute for Marine and Atmospheric Research, Utrecht University, the Netherlands
The Niels Bohr Institute, University of Copenhagen, Denmark

Scope and Participation

The course provides a basic introduction to the dynamics of glaciers and ice sheets with a focus on ice-climate interactions. Lectures will be given in the morning and exercises (including computer projects) in the afternoon. An excursion will be organised to nearby glaciers. The course is meant for Ph.D. students that work on a glaciology-related climate project. Some places are available for junior scientists.

The registration fee is 350 Euro. This includes lodging, full board, excursions and course material.

Lecturers: D. Dahl-Jensen, H. Fischer, H. Gudmundsson, A. Jenkins, T. Payne, G. Kaser, K. Lambeck, A. Fowler, R. van de Wal, O. Eisen, M. van den Broeke, J. van den Berg, J. Oerlemans.

Organising Committee

J. Oerlemans (convenor), Utrecht
D. Dahl-Jensen, Copenhagen
G. Kaser, Innsbruck

Application

Send your application to the convenor (j.oerlemans@phys.uu.nl), before **21 April 2008**. You will be notified about the decision of the Committee by the end of May 2008.

Your application should include:

- A curriculum vitae
- Affiliation, name of supervisor
- A description of your research project (~200 words)
